FORGING co-creation workshop
Novel Enabling Technologies for a Sustainable Future:
Technologies for energy efficiency

WHEN

30 - 31 January 2025

WHERE

Comet Retiro - Calle Alfonso XII n°30, 28014 **Madrid, Spain**

OBJECTIVES

- **co-define potential use cases** in specific application sectors
- **support industries in navigating the emerging technologies** landscape

- Which technologies will we discuss?

MODEL PREDICTIVE CONTROL   **PLATOONING**   **OELECTROCHROMIC GLASS**

ALGAE   **FLOW BATTERIES**   **LITHIUM-ION BATTERIES**

AGENDA SNAPSHOT

30 January 2025		31 January 2025	
Workshop on Technologies for Energy Efficiency			
16.00 – 16.15	Participants registration & welcome	9.00 – 11.00	Group exercise 1 - Identification of needs and solutions
16.15 – 16.45	Keynote speech	11.00 - 11.30	Coffee break
16.45 - 17.15	FORGING overview	11.30 - 12.30	Group exercise 2 - Definition of use cases
17.15 - 17.45	Participants' Pitching session	12.30 - 13.00	Use cases presentation and conclusions
18.00 - 19.00	Networking cocktail	13.00 - **14.00**	Lunch and End of the Workshop

This workshop is organised in the framework of FORGING, an EU-funded project that aims at assisting the growth and manifestation of emerging enabling technologies and accelerates their uptake by industry and society.

FORGING co-creation workshops
Novel Enabling Technologies for a Sustainable Future

This workshop is organised in the framework of **FORGING**, an **EU-funded project** that aims at assisting the growth and manifestation of emerging enabling technologies and accelerates their uptake by industry and society.

Click **here** to watch our YouTube video and learn more about the project!

WHAT TO EXPECT FROM THIS WORKSHOP

- On the **1st day the main results achieved by FORGING** project will be presented and participants will have the opportunity to present their use-case/application they are working on;
- On the **2nd day** participants will be split into **working groups,** guided by FORGING facilitators, to **develop use-case** in one of the technologies presented;
- **Exchange your knowledge** with fellow participants to cross-pollinate with each other ;
- Building on the use cases identified, FORGING partners will develop **pathways to streamline technology uptake** by industry and prioritise strategic directions.

BENEFITS FROM PARTICIPATION

- **Get exclusive insights**: you will be provided with the latest FORGING results, collecting meaningful insights on responsible and sustainable emerging technologies;
- **Your voice matters**: you will co-create groundbreaking use cases that drive the transition towards a sustainable future contributing to EU R&I;
- **Meet European colleagues**: you will engage with fellow experts and practitioners at the forefront of innovation across the EU.

⚠ **Please note that the number of seats available is limited. Register HERE to the workshop.**

Participants will be reimbursed for travel and accommodation expenses.
Further information on Terms of Reference for the reimbursement will be provided after registration.
